I would like to ask the Honorable Minister responsible why my constituency Tabuaeran continues to face ongoing shortages of essential cargo, including good supplies, even though there is a government vessel currently stationed in Kiritimati that is available and could be mobilized to address this critical issue?

Rairana/Translation

There is a lot of desire on Beru from workers, entrepreneurs and societies alike to open ATM accounts. Can Government consider recruiting another staff dedicated to the bank agency duties alone given the growing desire to utilize bank services by the people or in the meanwhile arrange with the

ANZ bank to send an officer to assist in the opening of the ATM accounts only?
